Name: [REDACTED]
Organization: [REDACTED]
[REDACTED]
Email: [REDACTED]

Input:
We recently rolled-out a Safety Program through the Winnipeg-based company 1Life Workplace Safety Solutions Ltd. This excellent program was needed in our company ([REDACTED]), but was extremely costly to implement (especially for a seasonal business that only truly operates half of the year).

It would be appropriate, beneficial and extremely encouraging for companies who are investing in third-party, professionally developed safety programs to educate and protect their workers to receive a credit or rebate on their WCB premiums.

If you have any questions about the program, it's efficacy or require further details/input on this matter, please feel free to email me at any time.
